EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Tammy L. Peterson on 28 June 2004.

The application has been amended as follows:

In the Specification: Every instance of the term "ringer" (reference number 22), the word - - ringer - - should be deleted and in its place insert - - wringer - -

In the Claims:

Cancel claims 21-24.

Claim 1, Line 2 after "system for comprising:" delete - - a) an elongate...ringing of the toilet brush. - - and in its place insert - - a) an elongate body having a cross-sectional shape and size which is capable of containing a liquid; b) said body being formed of a hard and durable material; c) said body having three separate compartments arranged vertically, the first compartment having a first level located at a top-most position, a second compartment having a second level in a vertically central position, and a third compartment is in a lower most position; d) a plugging member extending inside the body and the first and second compartments for scaling of liquid in the body; and e) a wringer inside the body of the cleaning system for wringing a toilet brush. - -

Art Unit: 1744

Claim 13 Line 2, delete - - ringer - - and in its place insert - - wringer - -

Claim 14 Line 1, delete - - ringer - - and in its place insert - - wringer - -

2. The following is an examiner's statement of reasons for allowance:

On 28 June 2004, Tammy Peterson confirmed a change of address to be:

7301 Highway BB, Huntsville MO, 65259

and this change has been made on the record.

USPN 5,945,076 to Leonard et al. disclose a combined brush and storage container/disinfecting system that comprises three compartments and levels, and an elongate body formed of a hard and durable material. Leonard et al. does not include a plugging member extending inside the body nor does Leonard et al. disclose a wringer.

USPN 6,035,456 to Taylor discloses a device that has three compartments and levels and an elongate body formed of a hard and durable material. Taylor does not include a plugging member extending inside the body nor does Taylor disclose a wringer.

USPN 5,259,406 to Hofmann is an apparatus for cleaning a toilet brush that has three compartments or levels, including the portion indicated (2) that is capable of "containing" a liquid, the body being formed of a hard and durable material. Hofmann does not include a plugging member extending inside the body nor a wringer.

USPN 1,283,403 to Eustis is an apparatus that comprises an elongate body having two compartments and levels and includes a wringer device. Eustis does not include a plugging member extending inside the body.

Art Unit: 1744

USPN 2,965,111 to Feigelman includes a body being formed of a hard and durable material, including at least three sections, and a plug (108). The plugging member however, does not extend inside the body and the first and second compartment. Further, Feigelman does not include a wringer.

USPN 1,285,948 to Cook, USPN 4,734,952 to Parchment et al., and USPN 6,050,401 to Michaelson disclose structures that are similar in that they may have compartments or plugging members. However none of the prior art made of record includes a device comprising: an elongate body that is capable of containing liquid, a body formed of a hard or durable material, a body that has three separate compartments arranged vertically, a first compartment having a first level located at a top most position, a second compartment having a second level in a vertically central position, a third compartment in a lower most position, a plugging member extending inside the body and the first and second compartment, and a wringer inside the body of the system.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Laura C Cole whose telephone number is (571) 272-1272. The examiner can normally be reached on Monday-Thursday, 7:30am - 5pm, alternating Fridays.

Art Unit: 1744
